REASONS WHY THIS PROJECT IS EXEMPT OR DOES NOT REQUIRE FURTHER ENVIRONMENTAL DOCUMENTATION:

The California Environmental Quality Act (CEQA) requires analysis of agency approvals of discretionary "Projects." A "Project," under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment" (CEQA Guidelines Section 15378). The proposed Project is a project under CEQA.

Staff has determined that the Project is exempt from CEQA pursuant to State CEQA Guidelines Section 15301 (Existing Facilities). Section 15301 applies to projects that consist of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

The Project involves hardscape and landscaping improvements on an existing property in Old Town Elk Grove. No expansion of use is proposed with the Project. No special circumstances exist that would create a reasonable possibility that granting an Old Town Elk Grove SPA – Type 1 Design Review would create a significant adverse effect on the environment.
