THIS CONTRACT is made and entered into between City of Elk Grove, a Municipal Corporation ("City") and The SGS Group ("Consultant"). City and Consultant agree as follows:

1. SCOPE, TERM AND STANDARDS:

A. CONTRACT. Consultant shall do all work, attend all meetings, produce all reports and carry out all activities necessary to complete the services described in the SCOPE OF WORK AND STANDARDS FOR SERVICES, attached hereto and incorporated herein by this reference as Exhibit A, as requested by the City. Consultant shall, at its own cost, make any revisions of its own work as required by the City and re-do, at its own cost, any work which the City finds unsatisfactory due to Consultant's errors or omissions. Consultant represents and warrants that it has the qualifications, experience, and facilities to properly perform said services in a thorough, competent, and professional manner. This document shall be known as the "Contract." This Contract and its exhibits shall be known as the "Contract Documents." Terms set forth in any Contract Document shall be deemed to be incorporated in all Contract Documents as if set forth in full therein. In the event of conflict between terms contained in these Contract Documents, the more specific term shall control. If either party to this contract deems that any portion of the Contract Documents shall be in conflict with any other portion, the Parties shall first attempt to informally reach an interpretation of those provisions so as to reconcile them. If after five (5) business days the Parties are unable to reach an informal resolution, the City shall issue in writing an interpretation resolving the conflicting provisions, which shall be provided to Consultant. The interpretation provided by the City shall become final and binding on the parties three (3) business days after it was provided to Consultant, and shall thereafter be an integrated term of this Contract and neither party shall be considered to be the drafter of the provision.

B. CONSULTANT IS INDEPENDENT CONTRACTOR. Consultant enters into this Contract as, and shall at all times remain as to the City, an independent contractor and not as an employee of the City. Nothing in this Contract shall be construed to be inconsistent with this relationship or status. The Consultant shall have no power or authority except by this Contract to bind the City in any respect. All employees, agents, contractors or subcontractors hired or retained by the Consultant are employees,

agents, contractors or subcontractors of the Consultant and not of the City. The personnel performing the services under this Contract on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Neither City nor any of its officers, employees or agents shall have control over the conduct of Consultant or any of Consultant's officers, employees, or agents, except as set forth in this Contract. Consultant shall not at any time or in any manner represent that it or any of its officers, or employees, or agents are in any manner officers, employees, of the City. Consultant shall not incur or have the power to incur any debt, obligation, or liability whatever against City, or bind City in any manner. The City shall not be responsible, obligated, or liable in any way to pay any salary, wage, compensation, tax, withholding, benefit, injury, illness claims or other claims made against the Consultant and/or the City by any such employees, agents, contractors or subcontractors, or any other person arising from performance of this Contract. Additionally, Consultant shall be solely responsible, obligated, and liable for any and/or all salary, wage, compensation, tax, withholding, benefit, injury, illness claims or other claims made against Consultant and/or the City by any such employees, agents, contractors or subcontractors, or other person arising from performance of this contract, and Consultant shall indemnify, defend and hold harmless the City against such claims to the extent caused by Consultant's errors, omissions or negligence.

C. NO PAY FOR ADDITIONAL SERVICES WITHOUT WRITING.

Consultant shall not be compensated for any services rendered in connection with its performance of this Contract, which are in addition to those set forth herein or listed in Exhibit A, unless such additional services are authorized in advance and in writing by the City Manager or the City Manager's designee (hereinafter "City Manager" shall include the City Manager's designee). Consultant shall be compensated for any additional services in the amounts and in the manner as agreed to by City and Consultant at the time City's express written authorization signed by the City Manager is given to Consultant for the performance of said services.

D. TERM

Except as provided in Sections 6 and 19, below, this Contract shall terminate no later than August 31, 2004.

Consultant will be allowed to retain copies of all deliverables to the City.

9. CONFLICTS OF INTEREST

A. CONSULTANT covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Contract. Consultant further covenants that in the performance of this Contract, Consultant shall take reasonable care to ensure that no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Contract. Consultant agrees to include language similar to this Section 9(A) in all contracts with subcontractors and agents for the work contemplated herein.

B. CITY understands and acknowledges that Consultant is, as of the date of execution of this Contract, independently involved in the performance of non-related services for other governmental agencies and private parties. Consultant and City agree to cooperate fully with the other party and to provide the other party with the opportunity to review any response to discovery requests provided by Consultant or City. However, City and Consultant's right to review any such response does not imply or mean the right by the other party to control, direct, or rewrite said response.

11. PROVISION OF LABOR, EQUIPMENT AND SUPPLIES

A. CONSULTANT PROPERTY. Consultant shall furnish all necessary labor, supervision, equipment, communications facilities, and supplies necessary to perform the services required by this Contract. Consultant further represents and agrees that it will perform these services in a legally adequate manner in conformance with applicable federal, state and local laws and guidelines.

14. SUBCONTRACTING:

None of the services covered by this Contract shall be subcontracted without the prior written consent of the City Manager. Consultant shall be as fully responsible to the City for the negligent acts and omissions of its contractors and subcontractors, and of persons either directly or indirectly employed by them, as it is for the negligent acts and omissions of persons directly employed by Consultant.

15. ASSIGNABILITY:

Consultant shall not assign or transfer any interest in this Contract whether by assignment or novation. However, claims for money due or to become due Consultant from the City under this Contract may be assigned to a financial institution, but only with prior written consent of the City Manager. However, Consultant shall not be deemed for any purposes a confidential employee of the City.

18. LIABILITY OF CONSULTANT:

Consultant shall be responsible for performing the work under this Contract in a manner which is consistent with the generally accepted standards of Consultant's profession and shall be liable for its own negligence and the negligent acts of its employees, agents, contractors and subcontractors. The City shall have no right of control over the manner in which the work is to be done but only as to its outcome, and shall not be charged with the responsibility of preventing risk to Consultant or its employees, agents, contractors or subcontractors.

19. INDEMNITY AND LITIGATION COSTS:

A. CONSULTANT IS SKILLED. Consultant represents it is skilled in the services necessary to perform the duties agreed to hereunder by Consultant, and City relies upon the skills and knowledge of Consultant. Consultant shall perform such duties consistent with the standards generally recognized as being employed by agencies or contractors performing similar service in the State of California.

B. CONSULTANT SHALL INDEMNIFY. Consultant is an independent contractor and shall have no authority to bind City nor to create or incur any obligation on behalf of or liability against City, whether by contract or otherwise, unless such authority is expressly conferred under this Contract or is otherwise expressly conferred in writing by City. City and their elected and appointed officials, officers, agents, employees, and volunteers (individually and collectively, "Indemnities") shall have no liability to Consultant or to any other person for, and Consultant shall indemnify, defend, protect, and hold harmless the Indemnities from and against, any and all liabilities, claims, actions, causes of action, proceedings, suits, damages, judgments, liens, levies, costs, and expenses of whatever nature, including reasonable attorneys' fees and disbursement, including without limitation expert's fees and disbursements (collectively "Claims"), which the Indemnities may suffer or incur or to which the Indemnities may become subject by reason of or arising out of any failure to comply with applicable law, any injury to or death of any person(s), damage to property, loss of use of property, economic loss or otherwise arising out of the performance of the work described herein, to the extent caused by a negligent act or omission of the Consultant, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, occurring as a result of or allegedly caused by the performance or failure to perform by Consultant of Consultant's service under this Contract or the negligent or willful acts or omissions of Consultant, its agents, officers, directors, or employees, in performing any of the services under this Contract, except such loss or damage which was caused by the active negligence or willful misconduct of the City.

C. LIMITS OF INSURANCE NOT LIMITING INDEMNIFICATION. If any action or proceeding is brought against the Indemnities by reason of any of the matters against which Consultant has agreed to indemnify the Indemnities as above provided, Consultant, upon notice from the City, shall defend the Indemnities at Consultant's expense. The Indemnities need not have first paid any of the matters as to which the Indemnities are entitled in order to be indemnified. The Consultant should assure that the insurance required to be maintained by Consultant under this Contract shall ensure Consultant's obligations under this paragraph, but the limits of such insurance shall not limit the liability of Consultant hereunder. The provisions of Sections 19(B) and 19(C) shall survive the expiration or early termination of this Contract.

20. CONSULTANT TO PROVIDE INSURANCE:

A. CONSULTANT SHALL MAINTAIN INSURANCE.

Consultant shall not commence any work before obtaining, and shall maintain in force at all times during the duration and performance of this Contract the policies of insurance specified in this Section. Such insurance must have the approval of the City as to limit, form, and amount, and shall be placed with insurers with a current A.M. Best's rating of no less than A:VII.

B. CONSULTANT TO PROVIDE EVIDENCE OF INSURANCE.

Prior to execution of this Contract and prior to commencement of any work, the Consultant shall furnish to the City, and the City must approve, original certificates of insurance and endorsements effecting coverage for all policies required by the Contract. The certificates shall be signed by a person authorized by the insurer, or insurers, to bind coverage on their behalf. Certificates of insurance and endorsements shall be on standard Acord, Department of Insurance, and Insurance Services Office approved forms or on forms approved by the City. As an alternative to providing the City with approved forms of certificates of insurance and endorsements, the Consultant may provide complete, certified copies of all required insurance policies, including endorsements, effecting the coverage required by this Section. At anytime at the written request of the City, the Consultant agrees to furnish one or more copies of each required policy including declarations pages, conditions, provisions, endorsements, and exclusions. Such copies shall be certified by an authorized representative of each insurer. Approval of the insurance by the City shall not relieve or decrease any liability of Consultant.

C. CITY MAY OBTAIN INSURANCE AT CONSULTANT'S EXPENSE.

In addition to any other remedy the City may have, if Consultant fails to maintain the insurance coverage as required in this Section 20, the City may obtain such insurance coverage as is not being maintained, in form and amount substantially the same as is required herein, and the City may deduct the cost of such insurance from any amounts due or which may become due Consultant under this Contract.

D. NO SUSPENSION OF INSURANCE. Each insurance policy required by this Contract shall be endorsed to state that coverage shall not be suspended, voided, canceled, terminated by either party, reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City, except in the event of non-payment of premium, in which case no less than ten (10) days' prior written notice by certified mail, return receipt requested, must be given to the City.

E. DEDUCTIBLES. Any deductibles exceeding five thousand dollars (\$5,000) must be declared to, and approved by, the City.

F. COVERAGES SHALL NOT LIMIT OBLIGATIONS. The requirement as to types, limits, and the City's approval of insurance coverage to be maintained by Consultant are not intended to, and shall not in any manner, limit or qualify the liabilities and obligations assumed by Consultant under the Contract.

G. REQUIRED LIMITS. Consultant and its contractors and subcontractors shall, at their expense, maintain in effect at all times during the performance or work under the Contract not less than the following coverage and limits of insurance, which shall be maintained with insurers and under forms of policy satisfactory to the City. The maintenance by Consultant and its contractors and subcontractors of the following coverage and limits of insurance is a material element of this Contract. The failure of Consultant or of any of its contractors or subcontractors to maintain or renew coverage or to provide evidence of renewal may be treated by the City as a material breach of this Contract.

(1) Workers' Compensation and Employer's Liability Insurance

Consultant shall maintain Workers' Compensation insurance as required by Labor Code Section 3700 of the State of California and Employer's Liability Act's, including Longshoremen's and Harbor Workers' Act ("Acts"), if applicable. Employer's Liability limits shall not be less than one million dollars (\$1,000,000) per occurrence. The Consultant shall execute a certificate in compliance with Labor Code Section 1861, on the form provided in the Contract Documents.

If an injury occurs to any employee of the Consultant for which the employee or his dependents, in the event of his death, may be entitled to compensation from the City under the provisions of the Acts, for which compensation is claimed from the City, there will be retained out of the sums due the Consultant under this Contract, an amount sufficient to cover such compensation as fixed by the Acts, until such compensation is paid or it is determined that no compensation is due. If the City is required to pay such compensation, the amount so paid will be deducted and retained from such sums due, or to become due to the Consultant. The insurer shall agree to waive all rights of subrogation against the City, its officers, officials, and employees for losses arising from work performed by the Consultant.

(2) Commercial General and Automobile Liability Insurance.

The insurance shall include, but not be limited to, protection against claims arising from death, bodily or personal injury, or damage to property resulting from actions, failures to act, or operations of the insured, or by its employees or agents, or by anyone directly or indirectly employed by the insured. The amount of insurance coverage shall not be less than one million dollars (\$1,000,000) per occurrence/five thousand dollars (\$5,000) medical per occurrence, and two million dollars (\$2,000,000) per policy aggregate. As an alternative to the per policy aggregate the Consultant may have an aggregate limit of one million dollars (\$1,000,000) per project apply. Coverage shall be at least as broad as Insurance Services Office "occurrence form CG 00 01 (ed. 10/03)" covering commercial general liability or its equivalent, and Insurance Services Office "form CA 00 01 (ed. 06/92) covering automobile liability, Code 1 "Any Auto".

Consultant shall include all subcontractors as insureds under its policies or shall furnish separate Certificates for each subcontractor. All coverage for subcontractors shall be subject to all of the insurance requirements stated herein. Commercial general liability coverage shall include independent contractor's coverage, and the Consultant shall be responsible for assuring that all subcontractors are properly insured.

The commercial general and automobile liability insurance coverage shall also include, or be endorsed to include, the following:

a. Provision or endorsement naming the City and each of its officers, employees, and agents, as additional insureds in regards to: liability arising out of the performance of any work under the Contract; liability arising out of activities performed by or on behalf of the Consultant; premises owned, occupied or used by the Consultant; or automobiles owned, leased, hired or borrowed by the Consultant. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, officials, employees or volunteers.

b. Provision or endorsement stating that for any claims related to this project, the Consultant's insurance coverage shall be primary insurance as respects the City, its officers, officials, employees and volunteers to the extent the City is an additional insured. Any insurance or self-insurance maintained by the City, its officers, officials, employees or volunteers shall be in excess of the Consultant's insurance and shall not contribute with it.

c. Provision or endorsement stating that any failure to comply with reporting or other provisions of the policies including breaches of representations shall not affect coverage provided to the City, its officers, officials, employees, or volunteers.

~~(3) Professional Liability.~~

MAS

~~The Consultant and its contractors and subcontractors shall secure and maintain in full force, during the term of this Contract professional liability insurance policies appropriate to the respective professions and the work to be performed as specified in this Contract. The limits of such professional liability insurance coverage shall not be less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) aggregate. As an alternative there may be a limit of not less than one million dollars (\$1,000,000) per claim and one million dollars (\$1,000,000) per project aggregate. If any professional liability policy is written on a "claims made" basis, such policy, and any succeeding policy must be specifically endorsed to show that "prior acts" occurring at anytime after the inception date of this Contract will be covered. EXHIBIT A

Scope of Work

1. Orientation

The SGS Group will conduct an orientation briefing with representatives of each department or organization, both City departments and contract agencies, that will or may be located at the proposed corporation yard and other key City officials to introduce the consultant team, review the scope of work and schedule, and review the deliverables which will be prepared by the consultant team.

The SGS Group will distribute a brief space programming questionnaire at this orientation briefing. This questionnaire will be the basis for subsequent programming interviews to be scheduled by the consultant team with City and contract staff.

2. Space Requirements Program

The SGS Group will provide detailed requirements for office, shop, warehouse, vehicle maintenance, and other enclosed spaces; outside yard storage both covered and open, and fleet and equipment parking. Develop staff growth projections for office, shop, and field personnel, and apply appropriate work station space standards to each position classification. Itemize support area requirements for such items as reception, conference, filing, storage, and reproduction. Office, shop, warehouse, and vehicle maintenance requirements will be detailed for both current requirements and long term growth requirements. Identify all outside yard and mobile yard equipment; fuel and wash areas; material storage; hazardous material storage and disposal; and equipment storage. Document the type and quantity of materials stored on the site; the type of required open, enclosed, and covered storage; the number and size of fleet vehicles and mobile yard equipment, and the movement of pedestrians and vehicles throughout the site.

Since a number of potential corporation yard users include operations that are presently provided either by contract agencies or other governmental organizations, The SGS Group will supplement City programming interviews with information available from programming documents prepared by The SGS Group for city and county corporation yards throughout the United States. The SGS Group will also conduct a telephone survey of other cities of 100,000 to 200,000 population to ascertain the order of magnitude of staff, space, equipment, and site requirements that could be anticipated through inclusion of new corporation yard programs and services. Potential future uses include sanitary sewer, water solid waste, transit, police, and others that may be identified by the City of Elk Grove.

3. Adjacency and Flow Analysis

The SGS Group will develop adjacency and flow diagrams that document the movement of vehicles, pedestrians, and material throughout the site and the relationship between outside yard activities and required office, shop, warehouse, and vehicle maintenance buildings. The development of adjacency relationships diagrams will consider shared use of spaces and common visitors and the development of separate circulation elements for staff, the public,

pedestrians, vehicles, equipment, and materials. The adjacency relationships will be developed in sufficient detail to enable conceptual site plans to be developed in subsequent study elements.

4. Review Program and Adjacencies with Departments

The SGS Group will review the draft space requirements program and adjacency diagrams with each user group.

5. Revise Program and Adjacencies

The SGS Group will revise the space requirements program and adjacency diagrams based upon the results of the departmental review meetings in Task 4.

6. Locational Analysis

The SGS Group will develop a series of site locational criteria that can be used to evaluate potential corporation yard sites. These criteria will include such factors as size of available parcels, flexibility for internal rearrangement and future growth, expansion through purchase of adjoining parcels, community acceptance, land utilization patterns and zoning restrictions, environmental considerations, traffic access and egress, proximity to freeways and major arterial streets, and availability of existing infrastructure.

7. Conceptual Site Plans

The City of Elk Grove has identified one potential location for the corporation yard. For that site, The SGS Group will develop a conceptual site plan for the new corporation yard that accommodates, to the maximum degree possible, all identified and potential current and long term office, shop, warehouse, vehicle maintenance, and yard requirements, including vehicle and equipment parking, material storage, and fuel and wash areas. The site plan will document how the existing building could be utilized for corporation yard occupancy. Any limitations or restrictions imposed by the existing building and site configuration will be documented.

The SGS Group will also develop a generic site plan that would optimize corporation yard adjacency relationships, pedestrian; vehicular, and material movement; and the relationship of buildings to adjacent yard areas. This conceptual site plan will not be site specific.

Each of these two alternative site plans will identify preferred locations for new buildings and optimize the movement of vehicles, pedestrians, and material throughout the site. The site plans will clearly delineate circulation, parking, and storage elements, with separate zones developed for each. Any requirements for office, shop, warehouse, and outside yard activities that cannot be accommodated will be identified. The conceptual site plans will be sensitive to vehicle access and egress, drop off, surrounding conditions, and potential for future growth and expansion. The conceptual site plans will demonstrate how a phased development and construction program can be implemented with minimum disruption to on-going activities, and how new programs and activities can be added to the site.

8. Review Conceptual Site Plans with Departments

The SGS Group will review the conceptual site plans with each user group in a workshop setting.

9. Revise Site Plans

The SGS Group will revise the conceptual site plans based upon the results of the review meeting in Task 8.

10. Final Site Plan Review with Departments

The SGS Group will conduct a final review of the revised conceptual site plans with the representatives of each department or organization, both City departments and contract agencies, that will or may be located at the proposed corporation yard and other key City officials.

11. Departmental Workshops

As needed, throughout the course of this study, workshops will be held with City management and necessary department staff to review the progress of the work, to make key decisions necessary for the orderly progression of the work, and to give The SGS Group necessary policy direction throughout the evolution of the study tasks. These workshops will be structured to be highly interactive sessions where data is reviewed, conclusions reached, decisions made, and clear direction given for succeeding study elements.

12. Workshop and Meeting Minutes

The SGS Group will prepare meeting agendas and minutes for all project team meetings and workshops.

13. Project Status Reports and Schedule

The SGS Group will prepare monthly project status reports and monthly updates to the project schedule. The project status reports and schedule will be used as tools to assure that the project remains on schedule and issues, problems and tasks are addressed in a timely manner.

14. Presentation and Draft Final Report

At the conclusion of the study, The SGS Group will present the results, findings, and recommendations of the study to City management in a workshop setting. This workshop is intended to be highly interactive and all input from City management will be actively sought and solicited. From this workshop, necessary revisions and/or changes to the study elements, findings, and recommendations will be made. Following this workshop, The SGS Group will prepare the final report. Six copies and one reproducible of the draft final report will be submitted to the City for its review and concurrence.

Upon completion of the City review, The SGS Group will make any final revisions and/or changes to the Final Report. Twelve copies and one reproducible of the Final Report will be submitted to the City.

15. Schedule

Tasks 1 through 14 above shall be completed within eighteen (18) weeks following receipt by The SGS Group of the Notice to Proceed.

EXHIBIT B

Compensation and Method of Payment

The work detailed in Exhibit "A" Scope of Work will be completed by The SGS Group for a total of fees and reimbursable expenses for a fixed total fee not to exceed \$58,850.

The SGS Group will provide monthly invoices on a percent completion basis to the City Engineer. Sufficient supporting detail, including a project status report, will be submitted with each invoice to verify the percent completion of the project.

Under no circumstances shall the aggregate amount paid under this Agreement exceed the amount stated in Paragraph 4.A.
