

Elk Grove Building Safety & Inspection is making client services more accessible than ever!

Inspection scheduling has never been more accessible. We now have a 24-Hour Automated Inspection Scheduling System where applicants may schedule, cancel and check inspection results.

This brochure will assist you in locating the appropriate inspection request code for your project. You may access our automated phone line at (916) 478-2225 24 hours per day.

When using the Automated system, please have your permit number ready. Your permit number is printed at the top left-hand side of the permit document.

If you need assistance locating your permit number, please contact our office at (916) 478-2235 Monday through Friday from 8am to 5pm. Our customer service staff will be glad to help.

You may schedule inspections up to 5am on the day of the requested inspection or up to five (5) working days in advance.

If you have a preference between an AM or PM appointment please indicate so in your inspection request. We will make every attempt to accommodate your request but arrival times may vary.

Please use this space to note your permit number:
